### EXPRESS TRAIN HELD UP EARLY THIS MORNING

#### TWO MASKED MEN BOARD ENGINE NEAR BIBBVILLE, ALA.

Force Engineer To Cut Off Two Express Cars and Proceed With Them—Sheriff and posse Start in Pursuit.

BIRMINGHAM, Ala., Sept. 26.—The New York-New Orleans Express was held up at Bibbville, Ala., at 12:30 o'clock this morning by two masked men who boarded the train near Bibbville and forced the engineer to cut off the two express cars and proceed with them leaving the remainder of the train standing. At one o'clock the engine and two cars passed through Tuscaloosa, Ala., about 15 miles from Bibbville, apparently running wild. Sheriff Palmer, who had been notified of the holdup, attempted to stop the train but was unsuccessful. He fired on the train and one shot was returned. Securing a switch engine the sheriff started in pursuit with a posse. Nothing has been heard from him as yet. A special train from Birmingham is being rushed to the scene. Bibbville is thirty-eight miles south of Birmingham.

### SEARCH FOR MURDERER TURNS TO SOUTHERN MICHIGAN

#### Indianapolis Police Receive What Seems To Be First Clue From Goshen, Ind.

Indianapolis, Ind., Sept. 25.—The search for Joseph Ellis, believed to be the W. R. Anderson who last Monday killed Louis Schlansky, a merchant, in a hotel here, tonight turned to Southern Michigan. What seemed to be the first clue to the man's flight was received by the police from Goshen, Ind.

Late Tuesday afternoon a youth, apparently very nervous called at the general delivery window of Blochens postoffice and asked for mail for W. R. Anderson. The description of the Indianapolis, murderer, the clerk said fitted Anderson. Before leaving the postoffice the youth asked persons standing near the general delivery window the shortest route to Three Rivers, Michigan. Though the police finished their search of hotels and rooming houses here no trace of the murderer was found.

Receives Card From Ellis. Los Angeles, Cal., Sept. 25.—Probation Officer Murphy of the juvenile court received a card today from Joseph Ellis, accused murderer in Indianapolis, postmarked Indianapolis, Sept. 21st—Sunday, the day before Joseph Schlansky, the clothing man he is charged with having murdered was lured to a hotel room and killed.

Murphy said the photograph in the Rogue's Gallery of the police department here is not that of Ellis who, he said, is only 17 years old. Detectives here had believed that Ellis was the Fred Brokaw now in jail in San Francisco. The confusion of the two was due to the fact that the photograph reproduced on a police circular from Pittsburgh, while really one of Fred Brokaw, was identified by Ellis' father as that of his son.

Ellis became a ward of the juvenile court early this year when he was arrested for stealing newspapers from door steps.

### INTEREST IN GOV. DUNNE'S PROBABLE APPOINTMENTS INCREASES

#### Senator Sherman Will Arrive in Springfield Today—Lewis Will Attend Fair.

Springfield, Ill., Sept. 25.—With the coming to Springfield tomorrow of United States Senator Lawrence Y. Sherman, interest in Governor Dunne's probable appointments to the minority places in the state government has been increased. Today the governor said that no conference had been arranged with Senator Sherman, although it is expected that Governor Dunne will have a talk with the Republican senator before announcing his minority selections.

Sherman will remain in Springfield until the close of the state fair.

Senator James Hamilton Lewis is also coming to Springfield for the state fair and one of the main features of the big exposition is expected to be the gathering of politicians of all creeds and the possible developments in a political way which are likely to result.

GIRL KILLED BY AUTO. Milwaukee, Wis., Sept. 25.—Scores of mothers, learning that an unidentified girl had been killed in an automobile accident, crowded the county morgue today until identification was finally established by Mrs. Michael Gostomski, who declared the victim was her daughter, Mary, aged 12.

The little girl had been run over and killed by Fred Beyerstedt, president of an engineering company here. After an investigation by the district attorney, Beyerstedt was exonerated.

### UTILITIES TO BE UNDER INTER-LOCKING BOARD

#### TWO CHICAGO CORPORATIONS WILL BE HARMONIOUSLY MANAGED

Three Directors of Commonwealth Edison Co. Elected to Directorate of People's Gas Light and Coke Co.—Arrangement is Not a Merger.

CHICAGO, Sept. 25.—Two of the largest public utility corporations in the world—the People's Gas Light and Coke company and the Commonwealth Edison company of Chicago—will be under the harmonious management of a largely interlocking board of directors as the result of action taken by stockholders of the gas company here today.

Arrangement is Not a Merger. An official statement explained that the arrangement is by no means a merger. Samuel Insull, president of the Commonwealth Edison company, and James A. Patten and John J. Mitchell, directors of that corporation, merely becoming directors of the gas company. The arrangement was made principally at the instance of C. K. G. Billings, the D. O. Mills estate and the estate of the late A. J. Brady, heavy stockholders. All reside in the east and have their principal interests there. They desired that the Chicago Public Utilities should be administered by a Chicago board of directors. Mr. Patten stated that while he himself was a heavy holder of gas stock, Mr. Insull only recently purchased a few hundred shares in order to qualify as a director. He said that recent notable buying of gas stock had been by the general public and not by the Commonwealth-Edison company nor himself, Insull or Mitchell. George O. Knapp of New York, retired as president of the gas company, and James F. Meagher of Chicago, first vice-president, who has long been the active administrative head of the company, was elevated to the presidency. Mr. Insull was chosen chairman of the board of directors.

Declares Stock Dividend. The Commonwealth-Edison company today declared a stock dividend of 10 per cent and announced an increase in its capitalization from \$40,000,000 to \$50,000,000. Stock of the gas company will be increased from \$35,000,000 to \$50,000,000, the additional stock being offered to stockholders on a basis of 10 per cent of their present holdings. The next quarterly dividend will be at the rate of 8 per cent per annum.

Reports that an actual merger was contemplated could not be confirmed, but LaSalle street was busy pointing out the economies which could be brought about by consolidation. The saving in the reading of meters alone, it was said, would be large.

### PRESIDENT WILSON PARDOONS IOWA NATIONAL BANK CASHIER

#### Had Been Sentenced to Five Years in Penitentiary for Making False Entries in Books.

Washington, Sept. 25.—President Wilson today pardoned Charles A. Isaacs, sentenced at Fort Dodge, Ia., on June 20 last, to five years in the penitentiary for making false entries in the books of the Forest City, Ia., National bank, of which he was cashier.

Strict compliance with the law by Isaacs, it is declared, would have wrecked the bank by divulging its condition to the public, whereas the false entries, covering up excessive loans to a stockholder of the institution until he could realize on farm land transactions, resulted in no loss.

It was represented to the president that Isaacs acted under the domination of a superior officer. Sentence had been suspended pending the president's action on the recommendation of the trial judge and prosecuting attorney for a pardon.

### FORT PECK DRAWING ENDS.

Glasgow, Mont., Sept. 25.—The drawing by prospective settlers for the Fort Peck Indian lands was ended here today.

While there are about 8,400 claims, it is estimated that from 20 to 40 per cent of those whose names are included in the drawing will not file.

Among the Illinoisians who drew claims are John A. Blartrand, Bloomington; Oliver Hall, Danville; R. H. Bay, Springfield; Davis Bowman, Danville; E. O. Waller, Bloomington; George E. Clemmons, Bloomington; John W. Harrison, Decatur.

DISCUSS SEX HYGIENE. Pittsburgh, Pa., Sept. 25.—Sex hygiene occupied the time of the National Federation of Settlements, in session here today. Fully twenty-five of the delegates, many of them women, discussed a resolution to endorse the teaching of sex hygiene in the public schools, but opinion as to methods was so divergent that it was placed in the hands of a committee to report some recommendation tomorrow.

## ILLINOIS BANKERS DISCUSS CURRENCY

### Davenport, Iowa, Financier Presents Owens-Glass Bill from Smaller Bankers' Standpoint

#### APPROVES PARTS OF MEASURE

Senator Sherman Criticizes Bill, Declaring He Will Not Vote for It in Its Present Form—Senate Hears Hulbert

#### SUGGESTS SEVERAL AMENDMENTS

CHICAGO, Sept. 25.—A. F. Dawson, president of the First National bank of Davenport, Iowa, discussed the Owens-Glass currency measure from the standpoint of the smaller banker today at the meeting of the Illinois Bankers' association. Parts of the measure he approved without qualification, other sections coming in for criticism.

#### Wants Bankers Represented.

The measure, he declared embodied the fundamental principles of a sound banking system. It would be safer, he asserted, to begin with three or at the most five districts, instead of the twelve regional banks provided in the measure, the board to increase the number as conditions warranted. A plea that bankers should have a representation on the board of control was made.

"No seven men in the world will wield such tremendous financial power and responsibility as this board," he said. "Should men skilled in banking be excluded, leave the secretary of the treasury on the broad because of his relation to the finances of the nation. In selecting other members, those who supply the capital and the deposits should at least have minority representation."

"The provision of the bill compelling national banks to enter the system under penalty of dissolution is contrary to the American spirit of fair play."

#### Sherman Denounces Bill.

The bill was denounced by United States Senator Lawrence Y. Sherman. He made it plain he would not vote for the bill in its present form.

"For myself, I would support a law to wind a watch with a crowbar as cheerfully as I will support any such bill," he cried. He ridiculed the class of lawmakers who are striving to regulate the activities of bankers on the theory that they are dangerous individuals.

"Have the banks or the bankers of this country," Senator Sherman asked, "committed such offenses or been so reprehensible in the conduct of their business as to suffer financial capital punishment or have entered against them a degree of corporate death resulting in the dissolution of every national bank of the country. Currency bills are pending now in congress which raise in an acute form the questions stated. All pending bills on the subject undertake a remedy which I regard as unwarranted and unwise interference with the private funds of the stockholders and depositors of National banks."

Committee reports will be made tomorrow and it is expected the association will endorse the stand taken by the currency committee of the American Bankers' association on the Owens-Glass bill.

#### Senate Hears Hulbert.

Washington, Sept. 25.—Edward D. Hulbert of Chicago, banker, and Professor Irving Fisher of Yale university, today endorsed the principles of the administration currency bill before the senate committee. Each, however, proposed a number of amendments designed to alter the proposed method for carrying out the purposes of the measure.

The desire of the committee to examine Mr. Hulbert further brought out the fact that hearings on the bill will be continued indefinitely. Mr. Hulbert said he was willing to return to Washington later and asked how long the hearing would continue.

"The chairman of the committee can't say," answered Senator Owen. "Oh, about two months," suggested Senator Hitchcock, who has indicated that he will oppose the bill.

#### Attempts to Hurry Committee.

Sherman, throughout the day endeavored to hurry along the members of the committee, but met with little success. Senator Bristow protested that the committee should have all the time necessary to examine all the witnesses. Later a regular schedule was fixed for two sessions daily in the future.

Mr. Hulbert, who discussed the bill from the viewpoint of state banks and trust companies, told the committee that these institutions must be brought into the new system if it is to be a success. He suggested a number of amendments designed to make the new plan attractive to these state institutions. Both Mr. Hulbert and Prof. Fisher criticized the provision of the bill fixing the 33-1-3 per cent gold reserve to be held against the proposed new currency. They recommended that the reserve requirement be increased to forty or fifty per cent.

## MANSION AT CLINTON YIELDS SENSATION

### REMAINS OF CHILD CONCEALED WITHIN WALL OF HOUSE

Wreckers Tearing Down the Residence Make Discovery—Col. Thomas Snell Erected House—Inquest Results in Open Verdict.

BLOOMINGTON, Ill., Sept. 25.—The mansion at Clinton, Ill., erected forty years ago by Colonel Thomas Snell, yielded another sensation today, when the remains of a child in a home-made coffin were found skillfully concealed within a wall of the house. Wreckers tearing down the residence made the discovery, which adds another chapter to the stormy history of Colonel Snell, who died about seven years ago and for whose fortune a fight was made in the courts of Illinois.

#### Nothing But Skeleton Remains.

The body of the child had been in its hiding place so long that little except the skeleton remained. It had been buried in a starch box with a sliding cover which easily opened, exposing the bones, when the house wreckers found it. An inquest resulted in an open verdict.

#### The Story of Colonel Snell's Life.

As told in the courts at three trials when Richard Snell made a successful effort to break his father's will, on the ground that the old man was of an unsound mind, stirred the state. It was declared that the lure of gold led at least one husband to consent to his wife's selling her affections to the banker, while both, it was charged, connived in attempts to gain more gold by holding out their 14-year-old daughter as a lure for the eccentric millionaire.

The first jury that tried the will case disagreed, though a majority of the jurors found that Snell was insane and unduly influenced when he had his will drawn up. The second jury found for the son and cast the will aside. The supreme court reversed the verdict. The son won at the third trial, there was another appeal and this time the supreme court decided that the estate should go to the son.

### MRS. HOLT MADE LIFE MEMBER OF FARMERS' NATIONAL CONGRESS

#### Was One of Three Persons Who Drafted Accepted Resolutions—Ft. Worth, Texas, Gets Next Meeting.

Plano, Ill., Sept. 25.—Mrs. Marshall Holt of San Francisco, an energetic little woman who has large land interests in California and looks after them herself, was elected to a life membership in the Farmers' National Congress in the final meeting of the 1913 convention at Plano, Ill., today, the first time that honor has ever been conferred upon a woman.

"She convinced us that she was a good farmer before she got through and we were a bit skeptical at first," Frank G. O'Dell, one of the executive committee, said.

Mrs. Holt was one of three persons who drafted the accepted resolutions. The first resolutions committee, a large body of men who attempted to set before the farmers that which they wished to say, failed all last night without accomplishing the work. Mrs. Holt and her two men co-workers hurried through the job during the morning today.

Mrs. Holt came to the convention as the personal representative of Governor Hiram Johnson of California, bringing an invitation to the farmers' congress to meet in San Francisco in 1915 at the Panama fair.

The final resolution adopted by the convention protested against extending the scope of the employers' liability law to take in farmers.

To Fort Worth, Texas, was awarded the convention of 1914 over ten cities, including New York and Philadelphia.

In the closing hours of the convention after immigrants from the farm to the city had been lamented repeatedly, A. P. Sandell, secretary of agriculture of Ohio, made a suggestion for keeping the boys on the farm that brought an outburst of applause.

"Keep the girls on the farm," he said. "Make it attractive for them. If they become contented, so will the boys."

### BEGIN MOVE TO PROSECUTE PARTICIPANTS IN RACE RIOT

#### Business at Benton is at a Standstill as a Result of the Hostilities Among the Miners.

Benton, Ill., Sept. 25.—A movement to prosecute all those who participated in the race riots between American and alien miners, which have been current here since last Sunday, was begun tonight by Mayor Espy and one hundred of the city's most influential citizens at a mass meeting.

Business here is at a standstill as a result of the hostilities among the miners. A general exodus of foreigners followed Monday and Tuesday's battles. The few who have remained stay close to the foreign colony. Captain Smith of the local company of the Illinois National Guards, which has been patrolling the streets since the outbreak, said tonight that there was no further need for the guards. Concerted action by mobs has ceased and only a few local disturbances characterized the day.

## CONFEREES STRIKE SECOND DEADLOCK

### Committee Adjourns With Report Incomplete—Three Important Matters Still at Issue

#### STRONG OPPOSITION RUMORED

Members May Object to Report on Ground That Republicans Were Excluded from Conference That Worked out Details

#### CLAIM NEW LEGISLATION WAS ADDED

WASHINGTON, Sept. 25.—With only a half dozen of the points of difference between the senate and house unfinished, the tariff bill conferees ran into another deadlock today and adjourned tonight with the conference report still incomplete. Three important matters were still at issue, the tariff rates on cotton yarns and cotton cloths and on lead and zinc ores and the dates when free raw wool and changes in the woolen good tariff should become effective.

Aided by experts the conferees spent the afternoon going over the cotton schedules, estimating revenues and calculating the effect on the woolen industry of the proposed changes. Both houses of congress gave up hope of a report from the conference committee tomorrow, the house adjourning until Saturday and the senate until Monday.

#### Rumors of Strong Opposition.

There were rumors today of strong opposition to the report that might develop in the house, on the ground that the Republicans had not been taken into the conference that worked out the details of the measure. If such opposition appears it probably will take the form of a pinto or order against the report on the ground that it contains matter inserted without authority by the conference committee.

In several instances the conferees have changed provisions in such a way that some members of congress claim that new legislation has been added to the bill. Conferees insist, however, that they have acted wholly within their authority. The senate conferees were their fight against the "anti-dumping clause" which would have assessed an extra duty against goods "dumped" into this country at reduced prices. The senate agreed to drop the amendment inserted in that body requiring rectifiers to pay for the stamps used on packages of distilled spirits filled by rectifiers or wholesale liquor dealers.

#### President Sanctions Plan.

The plan to report the tariff bill from conference with a disagreement on the cotton futures tax, it was learned tonight, has the sanction of President Wilson. The house conferees have informed the president that they hesitated to act on the Clarke amendment, taxing cotton futures, because the house had no opportunity of discussing the senate amendment or anything similar to it. The president expects the conference report to be completed with the exception of the cotton futures tax. He told callers today that he was in favor of some measure which would relieve the cotton farmer from the manifest injustice of having his prices depend on speculative operations, but declined to say which he favored of the many compromise plans suggested.

### CONGRESSMAN RODDENBERY DIES AT HIS GEORGIA HOME

#### Nervous Breakdown Last Week Prompted Him to Leave Washington at the Direction of Physicians.

Thomasville, Ga., Sept. 25.—United States Congressman Seaborn Roddenbery, who had been ill at his home here since Sunday, died late today. A nervous breakdown last week had prompted him to leave Washington at the direction of physicians. Mr. Roddenbery was born on a farm in Decatur county, Georgia, January 21, 1870. He was elected to the sixty-first congress in February 1909, following an unexpired term and was re-elected to the sixty-second and sixty-third congresses.

#### Was Conspicuous in House.

Washington, Sept. 25.—Representative Roddenbery, who died today had been a conspicuous figure in the house. He frequently was in rebellion against the Democratic leadership and had been known to hold up a majority movement more than once with a determined single handed filibuster. Big navy programs and pensioners on the government payroll were his particularly abominations.

News of the representative's death came after both houses had adjourned. Committees to attend the funeral will be named tomorrow.

### DISCOVERS BROKEN NECK AFTER TWO YEARS.

Kansas City, Mo., Sept. 25.—Because his neck was growing stiff, Frank Mitchell, teamster, went to a hospital today. An examination disclosed his neck was broken. Mitchell said he fell from his wagon two years ago, when a switch-engine struck the vehicle. His neck felt stiff several days but the soreness went away.

## DR. MARSHALL ANSWERS BY FILING DAMAGE SUIT

### ATTORNEY GENERAL, INVESTIGATOR AND A GUARD MADE DEFENDANTS

Attorney For Reformatory Physician Refuses to Disclose the Angle He Expects the Action to Take—\$25,000 Damages Asked.

PONTIAC, Ill., Sept. 25.—The answer of Dr. James A. Marshall, physician of the Illinois State Reformatory, to the demand of the board of managers of the institution that he resign or stand trial before the state civil service commission was to start proceedings in the courts. During the closing moments of the investigation in progress at the institution, Deputy Sheriff J. R. Ives of Livingston county entered the board rooms and served summons in the case of J. A. Marshall vs. Patrick J. Lucey, Florence E. Sullivan and James Quinn, the legal term used in the summons is "case." Damages are asked in the sum of \$25,000. The defendants respectively are the attorney general of Illinois, Governor Dunne's personal investigator, and one of the reformatory guards.

Dr. Marshall's attorney, R. S. Medliff, a leading Democratic lawyer of Pontiac and central Illinois, would not disclose tonight the angle he expects the action to take. It is indicated, however, that general conspiracy is to be charged when the trial is held. The subpoenas are returnable during the second week in October. The proceedings at some stage undoubtedly will involve a wholesale attack upon the constitutionality of the state civil service law.

The testimony of several guards and employees, taken at today's session was a denial to charges of cruelty hitherto given by inmates. Twenty boys employed on the farm struck after their play hour this afternoon and refused to return to work. They said they were not receiving sufficient food. They were immediately returned to their cells. Acting Superintendent Trumbo said they were receiving good meat three times a day.

### GRANITE CITY SCHOOL PRINCIPAL IS ARRESTED

#### Brother of School Boy Claims Child Was Beaten With Strap by Prof. C. R. Sayre.

St. Louis, Mo., Sept. 25.—Professor C. R. Sayre, principal of a school in Granite City, Ill., was arrested this afternoon on a charge of assaulting a boy in the school.

The warrant was sworn out by Samuel Hall, a brother of John Hall, who, it is claimed, was beaten with a leather strap because he would not join in the school singing. Samuel told the magistrate that his brother had a throat affection that made it impossible for him to sing and that his teacher had been informed of the fact. The mother, for this reason, refused to buy singing books for the boy.

John came home from school on Wednesday, according to his brother, with welts on his body.

### MERCHANT DIES FROM WOUND INFLECTED BY OWN BURGLAR TRAP

#### Devises Was Arranged So That It Was Impossible To Enter Store Without Discharging Shotgun.

Kansas City, Mo., Sept. 25.—Daniel L. Lierley, a merchant of Gilman City, Mo., in Harrison county, died today from gunshot wounds received yesterday when he was caught in his own burglar trap in his general merchandise store at Gilman City.

Mr. Lierley's store was robbed three times in August. To catch the robber the victim placed a shotgun at the store. An automatic arrangement attached to it made it impossible for any one to open the door without discharging the weapon.

The merchant entered the store hurriedly yesterday morning and in his haste forgot his burglar trap.

### MORAHN APPOINTED COMMISSIONER

Springfield, Ill., Sept. 25.—Edward S. Morahn of Sheridan, LaSalle county, was today appointed by Governor Dunne a member of the Illinois and Michigan canal commission, to succeed William L. Sackett of Morris, term expired.

## COURT DECIDES TO ADMIT TESTIMONY

### Ruling Paves Way for Testimony That Sulzer Had Solicited from Brewing Interests

#### SCHIFF AGAIN ON STAND

New York Banker Testifies He Was Recently Asked If He Would Accept the Return of the Alleged \$2,500 Contribution

#### MANAGERS TO BRING NO MORE CHARGES

ALBANY, N. Y., Sept. 25.—These ten developments today marked the impeachment trial of Governor Sulzer.

Jacob H. Schiff, New York banker, testified that he was recently asked by Samuel L. Frankenstein, former law partner of Governor Sulzer, if he would accept the return of the alleged \$2,500 campaign contribution which the banker yesterday said he gave to the governor without restriction as to its use. Mr. Schiff said he had replied negatively.

#### Decides to Admit Testimony.

The high court, by a unanimous vote, decided to admit all testimony pertaining to campaign contributions made to the governor even though they were not specified in the articles of impeachment. This ruling paved the way for the introduction of evidence intended to show the governor had solicited and received large contributions from brewing interests. The governor asked, according to the testimony, that these contributions be given in cash instead of checks.

Counsel for the impeachment managers said they were prepared to prove the governor received campaign contributions "vastly in excess" of the total mentioned in the articles of impeachment. There were more than 100 not accounted for, counsel asserted. The names of a large number of these contributors, other than those of the brewing interests, were brought into the evidence. These included fifty-two persons mentioned as drawers of Sulzer checks in the account of Louis A. Sarekey, the Mutual Alliance Trust company. This account showed with checks and cash, that deposits of \$14,400 had been made between Sept. 10, 1912, and the date of the governor's inauguration.

#### Reserve Decision on Question.

Decision on the question as to whether Sulzer's alleged misuse of checks given the governor without restriction as to their use constituted larceny was reserved, to give the court an opportunity to investigate the authorities. Sarekey, regarded by the prosecution as one of the most important witnesses and whom they said they had been unable to locate, was discovered by process servers in Albany and served with a subpoena.

Judge Lewis J. Conlan of New York, a life-long friend of the governor, testified that he had raised money for the governor's campaign, but had given it to him without restriction as to its use.

Sulzer called personally on Charles A. Stadler, president of the American Maltling company. Stadler testified, and requested his aid in obtaining the support of Tammany hall. He said he obtained the support and later solicited campaign funds for Sulzer. The assembly managers decided tonight to bring no more impeachment charges against the governor.

### SPARKS FROM THE WIRE

PRINCETON, N. J., Sept. 25.—Princeton University formally opened its 167th academic year today.

QUINCY, Ill., Sept. 25.—Clarence Marshall, colored, tonight, was found guilty of murdering his father, George Marshall, Sr., and the jury imposed a sentence penalty of 25 years in the state penitentiary at Chester.

### VERDICT IS GUILTY IN OBERMEYER LIQUOR CASE

Jury Believed That Selling of Jamaica Ginger Constituted Infraction of Local Option Law—New Trial Is Asked.

In the trial of J. A. Obermeyer, charged with selling liquor in anti-saloon territory, the jury Thursday returned a verdict finding the defendant guilty on two counts. The case was given to the jury about 3:15 o'clock and a verdict was not reached until nearly two hours later. W. N. Hairgrove, attorney for Mr. Obermeyer, entered a motion for a new trial.

The case was taken up when court convened Thursday and by agreement was tried with only eight jurors, who were Clark Green, J. O. Ralston, J. W. Gibbons, Edward Kastrop, George H. McKean, Bert Davenport, Frank Couchman and Marcus Hulett. State's Attorney Tilton prosecuted the case and Mr. Obermeyer's attorney was W. N. Hairgrove.

The witnesses for the people were Mrs. Joseph Roberts, George Price, Robert Slavens, Newton Sargent, Sheriff Rogers and Prof. Sherman Leavitt. Mrs. Roberts' testimony was as to the purchase by her husband of so-called Jamaica ginger from Mr. Obermeyer and of the effect it had on him. Slavens, whose home is in Waverly, serving as a detective, made a purchase of a bottle of Jamaica ginger at the store and this was subsequently submitted to Prof. Leavitt of Illinois college for analysis. Prof. Leavitt testified that the Jamaica ginger furnished him proved to be ninety-five per cent alcohol. Sheriff Rogers took the stand to give proof that the bottle submitted to Prof. Leavitt had been kept carefully sealed while in his possession.

After the prosecution rested the case Mr. Obermeyer took the stand and testified to selling Jamaica ginger to certain parties, for medicinal purposes. Mr. Gilbert and Mr. Shreve were put on the stand as experts to tell of the content of Jamaica ginger and some other drugs and of the amounts carried in stock and sold by the average druggist.

In arguing the case Mr. Hairgrove insisted that the selling of Jamaica ginger as a medicine did not constitute an infraction of the law even if the person who made the purchase later used the liquid as a beverage. The jury was instructed by Judge Brockhouse and retired about 3:15 o'clock, finding Mr. Obermeyer guilty on two of the five counts in the indictment. A new trial has been asked and if it is not granted the case will probably be appealed.

**MURRAYVILLE CHURCH DEDICATION, NOV. 16.**

Sermon on Occasion Will be Delivered by Rev. H. M. Hamill.

The handsome new \$20,000 Methodist Protestant church at Murrayville will be dedicated Nov. 16, according to announcement made by members of the official board.

The committee has secured the promise from Rev. H. M. Hamill of Nashville, Tenn., a pastor of the church some twenty years ago, to deliver the sermon on that occasion. Dr. Hamill is one of the widest known Sunday school workers of the United States. A program of merit is being planned and the dedication exercises promises to be of unusual interest.

**SURPRISE DINNER FOR MRS. WILLIAM ADAMS.**

Mrs. William Adams was given a happy surprise dinner recently at her home in Franklin, the surprise being planned and cleverly executed by Mrs. J. L. Hills. Each guest brought along a well filled basket and it is needless to say that the occasion was a merry one in every particular.

Among the guests present were George Bland and family, Mr. and Mrs. Thomas Bland, Mr. and Mrs. Elmer Roberts, M. A. Van Winkle and family, Herbert Watson and family, Misses Maude Hulise, Mabel and Nellie Burnett, Richard McConnell and family, J. L. Hills and family, Charles Hicks and family, Otis Van Winkle, A. J. Woods, Robert Hughes and family, Mrs. Opal Campbell and son, Ralph Burnett, John Burnett and family, Mr. and Mrs. Bright Tulpin, John Wynn and family, Newton Woods and family.

**WILL HOLD EARLY MEETING.**  
The city council is scheduled to convene this morning at seven o'clock to consider the utility franchises. As the hour is so early it is quite likely that proceedings will not begin exactly on time.

### HOME WITHOUT INHABITANTS FOR EIGHTEEN YEARS

After Death of Parents the Residence Was Locked and Everything Left Intact.

A citizen of Jacksonville, who had occasion to be in another town in the state recently, was forcibly reminded of the story of Goldsmith's "Deserted Village", when he visited a home, where everything had been left intact, since the death of the parents, 18 years ago. The father was the first to pass away and shortly afterwards the mother. The son came into possession of the property, but the key was turned to the door and no one ever entered the home. That was eighteen years ago and for a long time it has been known as the haunted home and it is said that even the son considered it so.

The Jacksonville citizen, when he entered the house, found that the roof had almost fallen in and that only one floor could be walked over and that in the kitchen. The furniture in the front room and in the bed room was just as it had been left and the dishes in the closet had not been touched for a score of years. There was musty books, parts of the carpet here and there, some of the furniture had fallen in with the flooring and the walls were still adorned with pictures dimly and scarcely discernable. It is doubtful if in the entire state of Illinois such a place can be found and even its mental picture is one difficult for the memory to forget.

**LINCOLN MEMORIAL.**

Washington, Sept. 25.—The Lincoln Memorial commission, which has charge of the work of erecting the Lincoln memorial structure, in Potomac park, on the axis of the capitol and Washington monument, held a meeting today for the purpose of considering the bids and awarding the contracts for the construction work. Congress has fixed the limit of cost of the structure at \$2,000,000 and has appropriated \$300,000 for beginning the work.

The designs for the memorial to be erected are those submitted by Henry Bacon, the New York architect, and the latter will personally superintend the work. It has been decided generally that the work on the foundation will commence within thirty days from the signing of the contract, and completed within twelve months, and that the superstructure shall be completed within four years. If the entire work is combined in one contract its completion is expected within four years. Test borings on the site of the memorial show that solid rock is found at distances varying from 27.9 feet to 41.7 feet below mean low water mark, which is on the average 16 feet below the present surface of the ground.

**WILL SELL UNDER MORTGAGE.**

The undersigned by virtue of a chattel mortgage will sell at public auction Saturday afternoon Sept. 27th at 1 o'clock at 322 East Independence avenue property of Joaquin Portado consisting of horses, cows, hogs, calves, colts, etc.

**MORGAN COUNTY TEACHERS.**

Annual Election To Be Held One Week From Tomorrow

The first meeting of the teachers of Morgan county will be held a week from tomorrow in this city. It is the time of the annual election of officers and the newly elected president will also appoint the committee, which will have charge of the programs for the current year. County Superintendent H. C. Montgomery at this time will explain the new certificate law relative to the county and state.

**LICENSED TO WED**

A despatch to the Journal from St. Louis says that a marriage license was issued there Thursday to Edward Oran, St. Louis and Fae Tich of Jacksonville. The name of the bride does not appear in the local directory.

The Rev. Frederic Baylis is returned by conference to Liberty charge and will preach next Sunday at 11 a. m. The sermon theme will be "Ladders". The public is invited to be present.

Your Liver Is Full of Bile; Bowels Clogged, Stomach Sour, Tongue Coated, Breath Bad.

Get a 10 cent box now.

You're bilious. You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work, while you sleep. A 10 cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken—Adv.

### "POWER FROM ON HIGH"

#### THEME OF EVANGELIST

Dr. Rees Speaks to Fair Sized Audience on Gift of Holy Spirit.

In spite of the rain Thursday evening, a fair sized audience was present to hear Dr. Milton S. Rees on the subject, "Power From on High." The heaters installed the first of the week came into excellent play, keeping the entire tent at a comfortable temperature. The opening prayer was given by Dr. Post of the Congregational church and the benediction was said by the Rev. Howard D. French of State Street Presbyterian. The responsive reading was led by the Rev. G. W. Flange. In addition to the regular musical program, Wallace Tuttle of Springfield, Ohio, sang a solo, "Just When I Need Him Most." Mr. Tuttle is on his way from a visit with friends in Merced, Calif., to attend the national convention of the Christian church.

The services of the week will be closed by the sermon this evening, "Sin's Only Remedy." "An Hour With the Bible" will be the subject of the afternoon meeting today. Sunday morning, as usual, services will be held in the respective participating churches. The services next week will be begun by the mass meeting for men Sunday afternoon, when Dr. Rees will give his famous address on "A Modern Sodom."

"In all ages, the universal desire of man has been for power," said Dr. Rees in beginning his address, "Power from on High." The text he took from Luke, 24:49 and Acts 1:8. Many and various are the paths by which men have sought power. Some have every energy to the pursuit of wealth, esteeming it above every other possession. By others the life of culture is regarded as the best avenue to power. Others seek power through politics and still others through war. By the truly wise alone is the real gift of power preferred, the gift of the Holy Spirit.

We need power from on high as an essential quality for service. The disciples understood this. They sought the divine gift in the life of the Master and in the early Christian church. Again, we need power from on high, because of the exigencies of the hour. The desecration of the Sabbath is lamentably on the increase. Graft and political corruption grow apace, while the church even is all too prone to conform itself to the world. Paul said, "I can do all things through Christ, which strengtheneth me."

The blessing of power from on high is realized by a cleansing from sin. "Repent and be baptized every one of you, in the name of Jesus Christ for the remission of sins, and you shall receive the gift of the Holy Spirit." The gift of power comes in answer to definite prayer. As the scripture has well said, "Ye, being evil, know how to give good gifts unto your children. How much more does the father in heaven give the spirit to those that ask him."

### RETURNS FROM ALASKA.

Jerry Ryan Is Now Visiting Morgan County Friends—Tells of Mining Experiences.

Jerry Ryan is back again with his friends here and in Franklin after an absence of fifteen years in the far away north, having gone over the greater part of Alaska, mining, prospecting and trading.

Mr. Ryan says conservation has gone much too far in Alaska and the Guggenheims are not at all the sharks they are described by some of the press. For Gifford Pinchot he has no use at all and says his advice and that of men like him has simply closed the valuable mines of the country and they are not being worked and the population is decreasing. He says about all the paying placer mines have been worked out and it is only quartz mining that is practicable and the closing of the coal deposits has made the working of them out of the question.

He says the Guggenheims spent \$20,000,000 building a good railroad to some copper mines and now that they can't get coal they can't work the mines to a profit, as the ore is too low a grade to pay for hauling out, but might be smelted at the mines if they could get coal.

He says Alaska produces more crops than people suppose. Wheat, oats, small grains of all kinds and many garden vegetables, such as cabbage are raised successfully. Winter glides almost instantly into summer and summer into winter the same way. There are many attractions in the country and if only extremists like Gifford Pinchot would use a little sense and not create a public opinion which would cause the pendulum of conservation to swing so far, Alaska might have a grand future.

Our millinery line is the best and largest in town. We have a hat for everybody.

### Knox County Farm For Sale

Knox county is in the center of the great corn and blue grass region of northeast Missouri. Edina is the county seat, a little city of two thousand people and located just forty miles west of Quincy, Illinois, on the Q. O. & K. C. R. R. Edina is a thriving little city, all branches of business represented, has four banks, eight churches, one of which, a Catholic church, the largest in Missouri outside of the larger cities; a good public school that articulates with the University of Missouri; two parochial schools under a thorough management.

Our little city is on a high elevation overlooking the deep rolling prairies surrounding us.

I am not a land agent, I own this farm and desire to sell it and hence have placed a price where it is bound to sell.

This farm is seven miles north of Edina, four miles from Baring, a town of 500 people on the line of the great Santa Fe R. R., and is one and a half miles from the town of Fabius on same road, all of which furnish good trading points and splendid shipping facilities. One-half mile from school on a good public road; phone connections all over the county, free mail delivery at the door. A nice five-room cottage, mostly new, with cellar 14x8 ft., barn 36x40 ft., large enough for the farm, with loft room sufficient for 25 tons of hay; also corn crib of 1200 bushels capacity, with shed room on two sides; all kinds of fruit of the best variety. This farm is well watered. 280 acres in this farm, all under fence and in a high state of cultivation except 80 acres, which is in timber and blue grass pasture; and is gently rolling, just enough to carry off the surface water. It is well fenced with woven wire into four separate fields. 40 acres is now in meadow; 15 acres pure clover; the remaining 145 acres under the plow this year. I have endeavored to sell my own farm and have adopted this method of doing it. My price is \$75 per acre, on easy terms, if taken in thirty days.

## Mattoon, Belleville Joliet

If newspaper reports are correct, three Illinois cities have recently furnished striking examples of the too frequent outcome where individuals assume functions properly belonging to trust companies.

In these cities, men of high standing in their communities, enjoying the confidence of their neighbors and friends and the public generally, accepted estate funds and trust funds from men and women, old and young. They have become financially embarrassed and their affairs are so tangled that the Courts have taken charge. Many who entrusted funds to these men find they will suffer loss.

Had those who trusted these men taken advantage of the many-sided services of a trust company their funds would have been safely and properly handled.

As trustee for funds and as Executor, Administrator, Guardian, etc., the modern "trust company" represents stability and permanence. Unlike the individual, it cannot abscond, speculate with trust funds, go on vacations or render false accounts. It is chartered and regularly examined by the State, deposits with the State securities to protect its trust funds and offers as further protection its capital and the double liability of its shareholders. Its trust accounts are handled with the same promptness, exactness and care given its banking accounts.

## THINKS PURPOSES HAVE BEEN ACCOMPLISHED

WILSON TAKES POSITION THAT POLICY  
BROUGHT DESIRED RESULTS

Advices Received In Washington Describe Preparations For Election In Mexico and State That Huerta Will Not Be a Candidate.

WASHINGTON, Sept. 25.—President Wilson took the position today that the policy of moral suasion adopted by the United States toward Mexico had accomplished its two cardinal purposes—to obtain assurances that there would be a constitutional election and that provisional President Huerta would not be a candidate to succeed himself.

Advices received here describing in detail the preparations being made for the election of October 26th, and stating also that General Huerta would not be a candidate, but would support Federico Gamboa, Mexican minister of foreign affairs, the nominee of the Catholic Party encouraged by President Wilson and Secretary Bryan to believe that the Huerta government was carrying out what the United States had emphasized on the Lind negotiations as the essential features of a satisfactory settlement of the revolutionary troubles.

### Will Withhold Decision.

The president realizes that it will not be immediately possible to judge whether the processes of the election are actually constitutional and will withhold decision for some time as to whether the choice of that election will be recognized by the United States.

The likelihood that foreign governments will await the judgment of the United States before extending recognition is being impressed upon the Mexican authorities, it is said, with a view to ensuring free choice.

The claim of the Mexican government that it controls the territory in which the bulk of the population of Mexico resides will be taken into account by the Washington administration in judging the coming election. Consuls also throughout the republic will report to the state department their opinion of the fairness of the election and if the government resulting from the election is recognized the policy of neutrality between the factions would be declared ended with the United States by exportation of arms would end its moral support to the government set up in the Mexican capital.

### Accept Gamboa's Resignation.

Mexico City, Sept. 25.—The resignation of Federico Gamboa, as minister of foreign relations, given last night under his nomination by the Catholic Party as presidential candidate was accepted today by Provisional President Huerta. Senor Gamboa will enter at once upon the work of promoting his candidacy.

### DIVISION OF OPINION EXISTS AMONG GOV. FELKER'S ADVISERS

Some Take Attitude That it is Unnecessary to Go Below the Surface in Matter of Thaw's Extradition.

Concord, N. H., Sept. 25.—A division of opinion is said to exist among Governor Felker's advisers as to whether he should honor the request of the state of New York for the extradition of Harry K. Thaw. Some of them take the attitude that the New York papers are in proper legal form and that it is unnecessary for the governor to go below the surface in an inquiry into the facts of the case upon which they are based. Others at the state house take an opposite view.

Governor Felker, who is himself a lawyer, is understood to attach importance to securing further information on the subject of the reported indictment of Thaw by the Dutchess county (New York) grand jury for conspiracy, in connection with his escape from the Matteawan insane asylum. No indictment has been made public, but William Travers Jerome said in arguing on New York's petition for extradition before Governor Felker on Tuesday, that an indictment had been found but had been kept secret at his request. It is said that until the governor learns more definitely just what attitude has been taken by the Dutchess county grand jury he probably will defer his decision in regard to signing the extradition warrant. It is believed here that the governor will grant the request made by Thaw's counsel today that they be allowed until October 6 to file additional briefs in the extradition matter.

For two hours today Thaw strolled about the downtown streets and suburbs with a police officer, attracting only casual attention.

SEVEN SIGNERS ARRESTED.  
Seattle, Wash., Sept. 25.—Only seven of the ninety-nine Socialist signers of the resolution adopted at a mass meeting on Sunday night defying Superior Judge John F. Humphries' anti-street speaking injunctions were arrested, although the court had ordered all of the signers held to answer a charge of contempt of court. Each of the seven gave \$250 bail and was released on October 3. Deputy Sheriffs explained the few arrests by saying many addresses given were incorrect.

CHARGE LARIUS WITH KILLING.  
Trinidad, Colo., Sept. 25.—A coroner's jury today returned a verdict declaring that the killing of Marshall Robert Lee at Segundo yesterday was felonious and that Thomas Larus, a Greek coal mine striker, fired the fatal shot. Testimony was introduced to the effect that Larus and three other Greeks plotted the shooting in a saloon at Segundo a short time before the tragedy.

## WILLIAM H. ROWE CALLED BY DEATH

PASSED AWAY AT AN EARLY  
HOUR THIS MORNING.

Was Widely Known in Agricultural Circles and Among the First to Give Attention to Scientific Farming—Funeral Will Be Held Monday Afternoon.

Death came to William H. Rowe at 12:30 o'clock this (Friday) morning at the family residence, two and one-half miles northwest of Jacksonville. His illness has extended back a year, although through February and March he was able to be about. In the early summer he grew weaker, being afflicted with heart trouble. For the past three weeks his condition has been quite serious and for the past ten days little hopes were held out for his recovery.

Mr. Rowe was the son of Mr. and Mrs. Ebenezer Rowe and was born July 22, 1843, in Dearborn, Ind., being 70 years of age at the time of his death. He was married March 21, 1865, to Miss Nancy Elizabeth Jackson of Dearborn, Ind., and they came to Illinois the same year when Mr. Rowe purchased the old Kinman farm northwest of the city, where he has lived since.

With a natural bend toward farming, Mr. Rowe soon became known as one of the most progressive farmers of central Illinois, and was among the first to conduct his farming interests along scientific lines. He was known as an authority on swine breeding and handling hogs. He spent a portion of his time in giving lectures at farmers' institutes throughout the state and his addresses proved most valuable to farmers. He was also deeply interested in raising corn, although his son, Charles A. Rowe, of late years has taken charge of this particular line of farming.

Mr. Rowe was a prominent member of the Anti-Horse Thief association, having been president of the state organization for one year, and has also filled various offices in the Illinois Corn Growers' association and of the Illinois State Alfalfa association. He had served as county surveyor for one term and at the time of his death was treasurer of the Morgan County Mutual Fire Insurance company.

Aside from his farming interests Mr. Rowe was a man of broad knowledge on many subjects and was interested in the upbuilding of his community. His ancestors came from Scotland and he inherited those habits of thrift and industry, which helped to give him the place of high respect which he held in the community. He was liberal in his ideas, sincere in his feelings toward others and possessed of a kindly disposition which commanded and held friends. Although residing close to Jacksonville he cast his lot with the Ebenezer Methodist church, having been a member there for a great many years, and was ever ready to lend his assistance in every good work. His passing away removed a man much loved, honored and esteemed.

Mr. and Mrs. Rowe were the parents of one son Charles A. Rowe who survives him. Mrs. Rowe died January 22, 1911. He also leaves a number of cousins and is related to the Rowe family residing in LaSalle county.

The funeral services will be conducted Monday afternoon at 2:30 o'clock from the family residence. Interment will be made in Diamond Grove cemetery.

### ALLEGED THAT INFANTS ARE LITERALLY GIVEN AWAY

According to Statement Credited to Dr. Mangold "Baby Farms" Flourish in St. Louis.

St. Louis, Mo., Sept. 25.—That 250 babies disappeared here during the last twelve months, that "baby farms" flourish in this city and that infants are literally given away by local maternity hospitals, are some of the assertions in a forthcoming report of the school of social economy, according to a statement credited to Dr. George B. Mangold, director of the school here tonight.

According to the data obtained by Miss Louise Wentzelan investigator of the school, one-third of the infants born or placed in the nine maternity homes of St. Louis have been lost sight of during the year. There are no restrictions placed on the institutions, the report says, except those of sanitation and hygiene.

"These pledges operate practically without supervision," Dr. Mangold said, in commenting on the report. "They are closely allied and instances are known where babies have been borrowed by the management of one maternity hospital to satisfy the requirements of applicants for children at another."

The school of social economy is affiliated with Washington university.

### TURKEY CALLS ASIA MINOR CONSCRIPTS TO THE COLORS

London, Sept. 25.—The Balkan crisis is becoming more acute. It has been aggravated by the apparent determination of the Young Turk military party to profit by the dissensions among the former allies. Turkey is reported to have again called to the colors the Asia Minor conscripts, while an officer lately returned from Tripoli is said to be leading an uprising against Bulgaria in Thrace. The effort to subdue the rebellious Albanians is likely to prove a severe strain on the exhausted army and exchequer of Serbia.

In Athens many persons believe that Greece is on the verge of another war with Turkey.

### TALKED ABOUT VALUE OF MANUAL TRAINING.

Parent-Teachers Organization Held First Meeting of Fall at Lafayette School Thursday.

The parent teachers association of the second ward held a meeting Thursday afternoon at the Lafayette school which was attended by nearly fifty women. Mrs. W. T. Wilson president of the association presided and stated that the purpose of the meeting was to discuss manual training in its relation to pupils of the lower grades. Miss Ethel Weyer read a paper written by an accepted authority on manual training. Miss Brown, director of manual training in the high school gave the principal talk of the afternoon and in a very interesting way emphasized the importance of this work for pupils of the grades as well as the high school. In a great many cities where educational affairs are advanced, manual training is a part of the course of fifth and sixth grades and more and more there is recognition of the fact that manual training can do much for the mental development of the child. The Second Ward Parent-Teachers association has taken up this important subject for discussion and investigation and later on may confer with the Board of Education on the matter.

### WILL BE GIVEN OVER TO FEDERAL AUTHORITIES

New York, Sept. 25.—Ernest Muret, pseudo-dentist and alleged counterfeiting partner of Han Schmidt, will be given over shortly into the hands of the federal authorities on the counterfeiting charge. Muret is being held on a charge of having a dangerous weapon in his possession. Preparations already have been begun for the trial of Schmidt which probably will begin October 23, if meanwhile he is not found to be insane.

### Mother's Friend in Every Home

Comfort and Safety Assured Before  
the Arrival of the Stork.

The old saying—what is home without  
a mother—should add "Mother's Friend."  
In thousands of American homes there  
is a bottle of this splendid and famous reme-  
dy that has aided many a woman through  
the trying ordeal, saved her from suffering  
the pain and discomfort caused by the  
strain on the ligaments, makes pliant those  
fibres and muscles which nature is expand-  
ing and soothes the inflammation of breast  
glands.

Mother's Friend is an external remedy,  
acts quickly and not only banishes all dis-  
tress in advance, but assures a speedy and  
complete recovery for the mother. Thus  
she becomes a healthy woman with all her  
strength preserved so thoroughly enjoy the  
rearing of her child. Mother's Friend can  
be had at any drug store at \$1.00 a bottle,  
and is really one of the greatest blessings  
ever discovered for expectant mothers.  
Write to Bradford Regulator Co., 128  
Lamar Bldg., Atlanta, Ga., for their free  
book. Write to-day. It is most instructive.  
There is a wealth of instruction and  
comfort to be derived in reading this little  
book. It is plainly written, just what  
every woman wants to know, and will be  
a splendid little textbook for guidance, not  
only for yourself, but will make you help-  
ful to others. And, in the meantime, do  
not fail to get a bottle of Mother's Friend  
at the drug store, and thus fortify yourself  
against any and all pain and discomfort.

### NICOLS PARK GUN CLUB HOLDS FIRST SHOOT OF TOURNAMENT

Twenty Men Enter Events—Kneussl  
and Buckles Tie For Amateur  
Honors in Morning—Amann Takes  
Professional Shoot.

Twenty marksmen were entered  
in the first day's shoot of the annual  
tournament of the Nichols Park Gun  
club held Thursday. Max Kneussl  
of Ottawa and A. C. Buckles of Lake  
Fork tied for first in the morning  
program and Mr. Kneussl won the  
afternoon shoot for amateurs. Mr.  
Amann of Peotone was high man  
among the professionals.

Thursday's shoot consisted of two  
programs, 100 bird, for amateurs,  
both morning and afternoon and on  
account of the wind the conditions  
for good scores were very hard. In  
the morning a gale blew from the  
south and changed in the afternoon.

The scores for the morning fol-  
low: Max Kneussl of Ottawa and  
A. C. Buckles of Lake Fork, 94 each;  
G. T. Hall of Loami, 90, and A. M.  
Masters of this city, 89. Afternoon,  
Max Kneussl, 96; J. A. Groves of this  
city, 92, and A. C. Buckles, 90.

In the shoot for professionals the  
men shot for high average and the  
event was for 200 birds. Mr. Amann  
of Peotone was high with 183, H. W.  
Cadwallader of Decatur second with  
182 and E. S. Graham of Engle-side  
third with 176.

The shoot will continue today, be-  
ginning at 10 o'clock this morning  
and lasting until about 2:30 o'clock  
this afternoon.

### YALE OPENS WITH BANNER ENROLLMENT.

New Haven, Conn., Sept. 25.—  
Yale university opened for the  
academic year 1913-14 with the  
largest undergraduate enrollment in its  
history. So far 380 students are en-  
rolled in the freshman class, which  
is more than there were last year,  
when the high water mark in enroll-  
ment was reached. The number of  
seniors is also larger than ever be-  
fore and for the first time Dean  
Jones was puzzled how to house all  
these students on the campus.

When Wright dormitory was opened  
last fall it was understood that it  
was to be exclusively a freshman  
dormitory and by means of it the  
university officials thought that they  
had solved the freshman problem,  
which has disturbed those in author-  
ity for many years. But even with  
this additional building there were  
last year a few freshmen who could  
not be housed under the direct su-  
pervision of the university authori-  
ties. This year the university authori-  
ties have leased two of the build-  
ings used last year by students and  
there the freshmen and other stu-  
dents who cannot find room in the  
regular dormitories on the campus,  
will be housed under the supervision  
of the faculty. Last year and in  
former years there was a good deal  
of complaint that the students living  
in private quarters, not supervised  
by the faculty, did not lead a life  
becoming to students; that they of-  
ten held poker parties and other en-  
tertainments at which liquor was  
used to excess, in their private quar-  
ters. The university authorities  
hope to prevent a re-occurrence of  
such scenes by keeping the students  
under strict supervision by members  
of the faculty.

### TALKS OF ROAD OFFICIALS ORGANIZATION PLANS

Tax Payer Believes United Efforts  
In Past Would Have Effected Sav-  
ing—Points To Advantages of  
Tice Law.

Editor Journal:

As a tax payer, greatly interested  
in the betterment of our country  
roads, it is with much pleasure I  
notice in your Sunday issue that the  
Road Commissioners of the county  
are proposing to organize for mutual  
consultation as to the best methods  
of road improvement. They are en-  
titled to the congratulations and  
best wishes of every one in the coun-  
ty who desires better roads. It is to  
be regretted that such an organiza-  
tion was not formed years ago that  
better roads might have become more  
general long since. If these gentle-  
men have waited for the enactment  
of the Tice law to convince them  
that such an organization is desir-  
able—then score one for the Tice  
law.

### Two Important Points.

It is good to know the commis-  
sioners are not fighting better roads  
but are organizing to secure them  
and to correct errors and inconsis-  
tencies in the new law. The Tice Law  
does two important things first, it  
provides for the ultimate construc-  
tion of a state-wide system of hard  
roads, secondly, it revives the old  
road laws so as to place directly or  
indirectly, the supervision and im-  
provement of all roads and bridges  
in charge of the State Highway De-  
partment and in doing this its pur-  
pose is to prevent the unwise ex-  
penditure of public funds for road  
purposes. It would be interesting  
to have some of the commissioners  
point out just what defects in the  
new law they are complaining about.  
Everyone who has studied this law  
realizes that it has some weaknesses  
which can only be corrected as time  
goes on. True, the authority of  
the commissioners is curtailed under  
the new law. Why? Is it not large-  
ly because many road commis-  
sioners have not studied conditions  
and adopted modern methods of road  
and bridge construction? Is it not  
because every commissioner has  
used his own methods and because  
they did not organize long ago and  
devise better plans? It strikes one  
who has read the Tice law that one  
of its strong points is that better  
road methods will be devised and  
will become uniform and general  
over the state, being prescribed by  
the State Highway Department  
through the County Superintendent  
of Highways. It is made the duty  
of these men to ascertain and bring  
about the use of the best methods of  
road work.

### Permanent Work Needed.

It is complained that if during a  
heavy rain bridges go out it takes  
too much "Red Tape" to get action  
under the Tice law. As a matter of  
fact, after the Tice law got into ef-  
fect, bridges that wash out will prob-  
ably not be built. Too many flimsy  
bridges and culverts have been placed  
in the past and they have been one  
of the strong arguments for the new  
law. Under the Tice law bridges  
will be built according to plans ap-  
proved by competent engineers and  
will be built in a permanent way.

Beyond question many road com-  
missioners are good officers and un-  
derstand the particular needs of  
their districts. A good officer will  
welcome practical advice from those  
whose special duty it is to study and  
solve, if possible, the road problems  
of Illinois. There is no question  
that great good can be had from the  
experiences of the various road com-  
missioners. Neither is there any ques-  
tion but that the State Highway  
Department will make a study of  
these experiences and through the  
County Superintendents advise the  
use of the most practical methods.  
If the road commissioners had weak-  
ened long ago to the benefits of a  
mutual exchange of their experiences  
and profited thereby the people of  
the state would not have demanded  
a law such as has just been enacted,  
but, because these commissioners did  
not take advantage of the opportu-  
nity to learn from the experience of  
others this law was built so as to  
force up-to-date methods on officers  
who were slow to adopt them.

### Half a Million For Local Roads.

Illinois has spent sixty millions on  
her rural roads in the past forty  
years. During the same period it  
has cost the farmers of Morgan  
county a half millions dollars for  
their roads. What have the people  
for their expenditure? The people  
have demanded the Tice law in  
the hope of getting better returns for  
their money.

Again, the public should heartily  
endorse the formation of a county  
organization of road officers, if the  
purpose is the betterment of our  
rural roads. In some parts of the  
state the provision of the Tice law  
prohibiting road commissioners from  
making expenditures in excess of  
\$200.00 without the approval of  
those higher up has aroused the op-  
position of some of the commis-  
sioners. It is rumored that certain  
parties interested in the sale of road  
devices and machinery are coaching  
the organization of road officers in  
some sections of the state. The ex-  
planation of the purposes of the lo-  
cal organization as outlined in your  
issue of last Sunday shows clearly  
that our commissioners are not  
rolled as to the excess of \$200.00  
expenditure provision of the new  
law and are organizing in a com-  
mendable way for a most laudable  
purpose and are entitled to the sup-  
port of every citizen. However, it  
might be well for the taxpayers of  
the county to keep tabs on the com-  
missioners who become members of  
and are active in this new organiza-  
tion and, if its announced purpose  
should be directed along other lines  
and its thereby opposes the interests  
of the tax-payers and those provisions  
of the Tice law intended to pro-  
tect and benefit the public, remem-  
ber these men at the coming road elec-  
tions.

### BOSTON HAS FINE NEW Y. M. C. A. BUILDING.

Splendid Edifice Erected at Cost of  
More Than \$500,000.

Boston, Sept. 25.—The magnifi-  
cent new building of the Young  
Men's Men's Christian association of  
this city, on Huntington avenue,  
near the Boston Opera House, hav-  
ing reached its completion, was  
thrown open to the inspection by the  
public today and this evening was  
formally dedicated at a reception in  
the new building. Governor Eugene  
N. Foss of Massachusetts, and Mayor  
Fitzgerald of Boston attended the re-  
ception and delivered short speeches  
on that occasion.

About four years ago the plan was  
proposed to erect a new and suffi-  
ciently large building for the Boston  
Y. M. C. A. to take the place of the  
handsome but altogether too small  
building of the association on the  
corner of Berkeley and Bolyson  
streets. To raise the required funds  
for the new building a vigorous cam-  
paign was begun, and daily the  
amount of the aggregate subscription  
was shown by means of the dial of a  
big clock displayed in front of the  
Y. M. C. A. building. The associa-  
tion was successful to secure contri-  
butions aggregating more than  
\$500,000 during the time which had  
been fixed for the campaign and,  
finding the lot on Arlington street,  
upon which the new building was to  
be erected, too small for the purpose,  
promptly sold that lot at a good price  
and acquired a large plot of ground  
on Huntington avenue, not far from  
the Boston Opera House. There the  
building was erected and its cost is  
estimated at more than \$1,000,000.  
It is believed to be the finest and  
best equipped Y. M. C. A. building  
in the country and will be large  
enough to accommodate all the ed-  
ucational, athletic and other depart-  
ments of the association.

The gymnasium of the association  
is considered one of the finest in  
the world and is one of the finest in  
and ther other customary features of  
a well equipped gymnasium and, in  
addition thereto, a large swimming  
pool and sumptuous shower and oth-  
er baths. There is also a large res-  
taurant, a well furnished reading  
room and a big auditorium for lec-  
tures and entertainments.

P. O. King of Beardstown was  
transacting business in the city yes-  
terday.

BREAKS RECORD FOR  
2 YEAR OLD TROTTERPETER VOLO TROTS MILE IN  
RECORD TIME OF 2:06 1/4.

Makes Best Time For Two-Year-Olds Since Native Belle Trotted in 2:07 3/4 at Lexington in 1909—Braden Direct Sets New Record in Free-for-all Pace.

Columbus, O., Sept. 25.—Records were made today on the Grand Circuit track. Peter Volo found the going so good that he trotted a mile in 2:06 1/4, a record for 2-year-old trotters. This performance, the best since Native Belle trotted in 2:07 3/4 at Lexington, Ky., in October, 1909, was made in the first heat of the junior division of the Horse Review Futurity.

Braden Direct, winner of the free-for-all pace, put the year's race record at 2:01 1/2 in the third heat of the event. This time gave its maker a new record, the fastest ever held by a 5-year-old stallion. He lost the first heat by a break.

Peter Volo in his remarkable race had Lady Wanetka for his opponent but she did not at any time get close enough to make the result doubtful. The time by quarters in the first mile was: 1:32, 1:04, 1:35, 2:06 1/4. Peter Volo won, taking the second heat in 2:07 flat.

Free-for-all pace, 3 in 5, purse \$1,200; five starters:

BY 5 TO 4 SCORE.

Mosely Yields But Four Hits While Boston Gets Ten—Janvrins Triple With Two on In Sixth Gives Red Sox Lead.

Boston, Sept. 25.—The Boston World's Champions of last year defeated Philadelphia, the league pennant winners of this season today 5 to 4.

Mosely held Philadelphia to four hits. Janvrin's triple with two men on bases in the sixth inning gave Boston a substantial lead. Two of the locals' runs were due to errors and a pair of the visitors' tallies also were the result of misplays. Janvrin's fielding and hitting were features. Score:

**A STRONG REFERENCE.**  
A young man recently applied for  
a position with a large printing  
house, and not having a letter of  
reference, offered his bank book. It  
showed a regularity of entries of de-  
posit. It was a very strong recom-  
mendation, indicating character and  
persistence, which finally secured for  
him a good position.

## THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

### LIST MOVES UPWARD IN EARLY TRADING

#### SHARP ADVANCE BASED ON PROFESSIONAL INITIATIVE.

Early Gains Are Cancelled Before  
Morning Session Is Half Over—  
Bully Just Before the Close Cuts  
Down Many Losses.

(By Associated Press)  
New York, Sept. 25.—Stocks moved  
upward briskly in the first hour  
of trading today. Before the morn-  
ing session was half over the early  
gains had been cancelled. The mar-  
ket thereafter was heavy with sub-  
stantial net losses in many cases,  
which were cut down by a rally just  
before the close. The sharp advance  
with which the day began was based  
on professional initiative.

There was no evidence of aggressive  
operations for the long account,  
which apparently were held in check  
by the uncertainties of the present  
situation both here and abroad.  
The effect of tariff and currency leg-  
islation, damage to crops and the fall  
demands upon the money market are  
to be reckoned with at home, while  
the financial situation at the great  
European centers still arouses un-  
easiness abroad. The Bank of Eng-  
land's report today was hardly a  
strong one, showing a reduction of  
over 2 per cent in the proportion of  
reserve to liability. A further reduc-  
tion is not improbable next week,  
when the full strain of the quarterly  
settlements is felt.

London's attitude toward this  
market was reversed over night.  
Selling of stocks for foreign account  
was a considerable factor yesterday,  
but today almost as many shares  
were purchased by London as were  
unloaded yesterday.

A few stocks were especially weak.  
People's Gas, recently an especially  
strong feature, dropped nearly four  
points on denial of reports that the  
corporation was to absorb another  
lighting company, but later recover-  
ed its loss. Texas company and  
United States realty sustained severe  
losses.

The eighteenth annual conference of Charities and Correction in Illinois will be held in Rockford October 11 to 14th. It promises to be the best in the history of the conferences. Among the speakers of national reputation are Owen Lovejoy, general secretary of the National Child Labor Committee; Dr. Katherine Bement Davis, superintendent of New York's famous reformatory for women at Bedford Hills; Dr. W. A. Evans of Chicago; Right Reverend P. J. Muldoon, Bishop of Rockford; Rev. John A. Ryan of St. Paul, considered the ablest exponent of minimum wage in this country; Charles E. Merriam of Chicago; Dr. Thomas A. Woodruff and Dr. James Burry of Chicago, leading authorities on the conservation of vision; George B. Mangold, director of the St. Louis School of Social Economy; Graham Taylor of Chicago, Commons and president of the National Conference of Charities; Miss Mary Bartelme of the Chicago Juvenile Court; Judge A. C. Backus of the Milwaukee Municipal Court; E. L. Mathis, chief probation officer of Kansas City; Dr. Edith B. Lowry, St. Charles, author of many books on sex hygiene; Dr. John Webster Melody of Washington, D. C.; Ray, Father Thomas J. O'Malley of Loyola university, Chicago. From Illinois will be presented a long array of leading social and charity workers representing all sections.

**State Institution Heads.**  
The annual conference of the Board of Administration, State Charities Commission, State Civil Service Commission and the superintendents of all the state charitable institutions will be held on the same day. Hon. Fred J. Kern, president of the Board of Administration, Dr. Ralph A. Goodner, superintendent of the Anna State Hospital; Dr. T. H. Leonard, superintendent of the State School and Solony; Frank D. Whipp, fiscal supervisor of the Board of Administration; Hon. J. B. Burdett, president of the State Civil Service Commission and A. L. Bowen, executive secretary of the State Charities Commission will be the speakers at this meeting.

The opening session on the afternoon of October 11, will be under the auspices of the Rockford Woman's Club with W. T. Cross, secretary of the National Conference of Charities and Miss Mary E. McDowell of Chicago as speakers. That evening the formal opening of the conference will be held with the annual address by the president, F. Emory Lyon and report on social legislation by Jas. Mullenbach.

**To Discuss Varied Themes.**  
Sunday afternoon Bishop Muldoon and Rev. John A. Ryan will speak at the opera house. Sunday evening in one church, Dr. George A. Zeller, superintendent of the Peoria State Hospital will speak on the State charitable institutions, illustrating his address with pictures. At another church the speakers will be Charles E. Merriam of Chicago and Owen Lovejoy of New York.

Monday afternoon the committee on Probation and Prevention of crime will hold a session with Judge Backus, E. L. Mathias and Robert H. Gault of Northwestern University as speakers.

Monday night Graham Taylor and Dr. Katherine Davis and probably Governor Dunne will speak. Tuesday morning will be given to the consideration of the Needy Family and Tuesday afternoon to Child Recreation, by Miss Harriet Vittum and to a discussion of the teaching of sex hygiene in the schools by Dr. Lewrie, Father O'Malley, Dr. Melody and others.

**MORRISTOWN HORSE SHOW.**  
Morristown, N. J., Sept. 25.—The grounds of Morristown Field club were visited today by thousands of horse lovers and society folk from New York and other cities within a radius of a hundred miles on the occasion of the opening day of the sixteenth annual horse show of the Morristown Field club. The show will continue until Saturday, when the prizes awarded by the judges will be formally presented. The number of entries is unusually great this year and a number of special classes have been arranged with valuable prizes donated by wealthy horse lovers. The judges include Robert A. Fairbairn of Westfield, for roadsters and harness horses; Lewis E. Waring, for saddle horses and Alfred H. Macky of New York, for hunters and jumpers.

**CLEANSSES YOUR HAIR  
MAKES IT BEAUTIFUL**

It Becomes Thick, Wavy Lustrous and All Dandruff Disappears—Hair Stops Coming Out.

Surely try a "Danderine Hair Clense" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff, invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.—Adv.

### BANK WRECKERS NOW SEEKS FOR NEW TRIAL

J. W. Griffith of Georgia Seeks To Escape Prison Term.

Athens, Ga., Sept. 25.—The hearing on the motion for a new trial in the case of J. W. Griffith, formerly president of the defunct Athens Trust & Banking Co., who on July 5 was sentenced to six years and six months in the state penitentiary for wrecking the bank of which he was the head, which was set for today, is attracting considerable interest in legal and official circles owing to the peculiar circumstances upon which the motion is based.

The case was tried before Judge Brand of the Clark county superior court and a jury during the first week of July. After the judge had charged the jury the latter withdrew to consider the case. Before returning to his home in the evening, Judge Brand stopped at the court house and through the door of the jury room, in the presence of the sheriff and the bailiff, called to the members of the jury and asked them whether they wished to retire for the night. They declared that they had agreed on a verdict and would be ready in a few minutes, but that they desired further advice from the court as to their rights to make recommendations regarding the punishment. Judge Brand declared that he could not make any statement to them till the defendant and his attorneys and the state's attorney were present. He sent for them at once and explained the situation.

As soon as Judge Holden, one of Griffith's attorneys, had heard Judge Brand's statement, he made a motion for having the case declared a mistrial upon the ground that Judge Brand, without the presence of the defendant or his attorneys and without their consent, had had communication with the jury in regard to the case. After some heated argument Judge Brand overruled the motion, called the jury in and after having given them further instructions, sent them back to their room to decide upon their verdict. In a short time the jury returned, found Griffith guilty, but recommended him to the mercy of the court. Griffith's attorneys promptly submitted a motion for a new trial and the hearing was set for today.

**BIDS FOR PUMP.**

Commissioner of Accounts and Finances.

**PREPARING FOR ROYAL WEDDING.**

London, Sept. 25.—Although there is still three weeks time in which to make the necessary arrangements for the wedding of Prince Arthur of Connaught and Princess Alexandra Victoria, daughter of the late Duke of Fife, are nearly completed. The wedding will take place on October 15, at the Chapel Royal, St. James', and to accommodate the large number of invited guests it was necessary to completely remodel the chapel. The work is now completed, but even after the alterations it will not be possible to crowd more than between 250 and 300 persons into the structure.

The work of preparing the chapel was pushed with all might and now even the covered passageway between St. James' palace and the chapel, for the use of the bride and the similar passageway leading from Clarence house to the chapel, for the convenience of the Duchess of Connaught, have been finished.

**PICTURE OF GREAT BATTLE.**  
L. R. Penfield, clerk at the State School for the Blind, has a valued picture which he brought home from Chattanooga. It is a plat of the memorable battle field of Chickamauga in which Mr. Penfield participated and did fine work with his battery of light artillery. The spot on which the greatest fighting of his division is clearly marked and he naturally values the picture greatly.

### FLORENCE BOURN HAS COLLAR BONE BROKEN

Accident Result of Horse Frightening at Men Doing Cement Work—Other Occupants of Buggy Escape Injury.

Miss Florence Bourn, accompanied by Miss Alma Eller and Miss Velia Keller met with what might have been a very serious accident Wednesday morning about 11 o'clock while on their way to the country home of Joseph Bourn, six miles north of the city. They were only a short distance from town when the horse became frightened at some men doing cement work near the home of Spencer Carpenter. Miss Bourn was thrown from the rig, both wheels passing over her body and breaking her collar bone and receiving other minor injuries. Miss Bourn was removed to the home of Spencer Carpenter and later taken to her home on East State street. She is resting as easily as could be expected under the circumstances. Miss Eller and Miss Keller, while badly shaken up were not seriously injured.

LADY MAUD C. WILL  
BE SEEN AT MATINEE

Last Races at Local Track Will Witness Exhibition of Fast Mare—Owner John Crabtree Comes Today.

Lady Maud C., with a record of 2:00 1/2, owned by John Crabtree of Taylorville was brought to Jacksonville Thursday from New Berlin by George Goebel and will be under the care of Clark Green. By an arrangement with Mr. Crabtree who will arrive in the city today, the mare will be kept in Jacksonville until October 2nd (Thursday) when the last matinee of the season will be given at the local driving club's park. Lady Maud C. will give three exhibitions of mile heats, in connection with a good program of races which the association is planning. Perhaps there is no racing mare in the state better known than Lady Maud C. She is a half sister to Hedgewood Boy and they hold the world's record for the fastest two and the fastest three heats ever paced by a mare in a race.

Lady Maud C. performed the feat at the Illinois State Fair ground tracks October 8, 1909. She traveled the first heat in 2:02 1/4 and the second in 2:01 1/2. On the same day she finished the third heat in 2:03 1/4. In addition the great mare and Hedgewood Boy also owned by Mr. Crabtree hold the record for pacers to a wagon race. They traveled the distance in 2:08 3/4 at Grand Rapids, Mich., August 12, 1909. Lady Maud C. made two laps over a half mile track at Louisville, Ky., in 1910 in 2:05. Her fastest record was 2:00 1/2. Mr. Crabtree expects to spend most of his time here until the local races when he will take the mare to the state fair in Springfield.

"Years of Experience Have Proven to Me That the MAJESTIC Range IS the Best"

"Strange, that for years, I couldn't see that trying to get good work from an old, worn-out range, merely to save the price of a new one, was not true economy. My Great Majestic has more than earned its cost in the saving of fuel alone, because the open seams and joints in my old, worn-out range where the bolts were loose and the putty had crumbled away, made me burn twice as much fuel as necessary. "Talk about luck in baking—"luck" is nothing but good oven and my Majestic oven is simply perfect. I can depend on it absolutely every day. I believe father and the children are happier and I know we have better meals at less expense with our Majestic."

Don't Buy Any Range Sight Unseen

Buying a range isn't an every day transaction. To be absolutely sure of complete satisfaction—don't buy from printed descriptions—see the Great Majestic (dealer in nearly every county in 40 states) compare it point for point with any other range. ### WELL KNOWN IMPLEMENT FIRM RETIRE FROM BUSINESS

J. T. Sample & Son Sell To Jacksonville Farm Supply Company—Stock Will Be Removed—Garage May Be Opened on South Main Street.

A deal was consummated Thursday whereby the Jacksonville Farm Supply Company has purchased the stock of J. T. Sample & Son of South Main street. Mr. Sample will retire from active business. His son is now a traveling representative of a well known farm machinery company.

The Jacksonville Farm Supply company completed an invoice of the stock Thursday and expect to remove it to their place of business on West Court street in a few days. This new addition to their stock will give them one of the most complete lines of farm supplies in central Illinois.

Mr. Samples purchased the business on South Main street some two years ago from E. E. Murry & Co., who had previously acquired it from Norman Broadwell.

A man from Galesburg was in the city yesterday looking over the building occupied by Mr. Sample with a view to conducting a garage there, but nothing definite was done toward leasing the property.

Our millinery department is brim full of nothing but the very latest and priced the very lowest.

### ONE HUNDREDTH ANNIVERSARY

Centennial Commission Begins Preparation for Important Event in Illinois History.

The last legislature decided that the one hundredth anniversary of the admission of Illinois to statehood should be duly celebrated in a manner befitting the importance of the occasion and from present appearances the event will be one of the greatest demonstrations the middle west has ever seen.

The event will not take place till 1918, but the legislature thought it wise to begin to take steps in the direction of a due celebration and to that end created the Illinois Centennial commission and the members are already at work getting ready for the grand occasion. It is the desire of the commission that every man, woman and child in the great state shall have some part in this grand demonstration and to that end it has been decided to have a celebration in each county. Suggestions regarding the manner of celebration and anything that will tend to make the affair a success are solicited by this commission and may be sent to Mrs. Jessie Palmer Weber, of the State Historical society at Springfield, and who is secretary of the commission.

### FORMER WINCHESTER GIRL ATTACKED BY VIOLENT NEGRO

Mrs. Edna Adkisson of St. Louis Knocked Down and Gagged.

Mrs. Edna Adkisson of St. Louis and formerly of Winchester, while engaged at her duties as a nurse Wednesday morning shortly after midnight at the St. Louis Baptist hospital, was attacked, knocked down and gagged by a negro. She had entered the basement of the hospital to prepare a lunch for herself and the night superintendent, Miss Stella Gannon. "Don't scream or I'll kill you," were the words uttered by the negro, as he struck the defenseless nurse to the floor with his fist. Fearing he would carry out his threat, Mrs. Adkisson feared to cry out, although the accidental setting down of a cooking utensil or Miss Gannon in the next room so frightened the negro that he released his hold. The night superintendent, five minutes later, found Mrs. Adkisson lying prostrate, gagged with a napkin. Although still suffering from nervous shock yesterday, Mrs. Adkisson was expected to be all right again in a short time.

Mrs. Adkisson was the daughter of Mr. and Mrs. Richard Scott, who live near Winchester.

### POLITICS ARE INJECTED INTO COPPER MINERS' STRIKE

President Walker of Illinois Mine Workers Urge Strikers to Vote For "People's Party" Candidates.

Calumet, Mich., Sept. 25.—Politics was injected in the copper miners' strike by President John H. Walker of the Illinois mine workers in an address before two thousand strikers here this afternoon. It was one of the most enthusiastic meetings yet held by the strikers. Mr. Walker urged them to ignore both the Republican and the Democratic parties and vote for candidates of the "People's Party."

Talks by J. L. Lewis of the American Federation of Labor and Charles Venetta of the United Mine Workers were of a similar trend. Each assured the strikers of the financial support if organized labor.

Walker denounced the state troops as strike-breakers and condemned their conduct throughout the strike. He said that both state and federal investigators had found the attitude of the mine managers to be arbitrary and arrogant.

Shafts at the Mohawk, Apameek, Wolverine and North Kearsarge mines are being prepared for the partial resumption of mining. It is reported that a considerable number of men have applied for work. That the strikers are still strong, however, was indicated by their parade this afternoon of more than two thousand men. A second small party of men arrived today at the Quincy mine to take underground positions.
